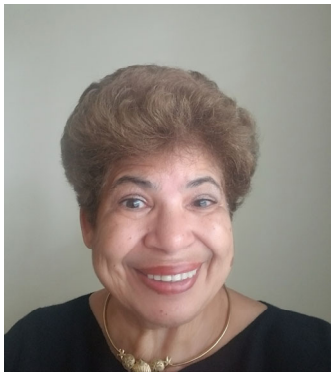
From the President
Josephine "Jo" Dervan



Welcome old friends and new friends!

Some of you may have heard my name before and even met me at various UWF events and activities. I want to introduce myself. I was born in the Bronx, grew up in Queens and raised my family in New Jersey. I got my BA at Ladycliff College and my MLS at Pratt Institute. I worked as a public librarian at the NY Public Library and as a library media specialist in the NYC public schools before moving to NJ.

I am the mother of three amazing daughters and spent their early years as a stay-at-home mom. I returned to work as a Kindergarten teacher and library media specialist in several NJ schools. I was an officer in the NJ Association of School Librarians and have given workshops for librarians and teachers at various conventions and conferences throughout the state. After taking an online professional development course, I began teaching online as well. I taught remote classes to students around the world for the University of Northern Iowa and the University of Wisconsin.

In 2007, my husband and I retired and moved to a home in Palm Coast. We retained our home in NJ to visit with our daughters and their families. In 2008, a colleague recommended me for an online teaching position at Rutgers School of Communication and Information. I worked in that position for five years.

I joined UWF in 2012 and have participated in many activities in the club. I have served on the Scholarship committee and been a member of Bookminders, Play Girls and Gourmet Gals. I have also served as Recording Secretary for two terms.

As many of you know, my husband passed away in 2016. However, my family has expanded and now I have 7 grandchildren and 3 sons-in-law. I am still a snowbird and host annual family visits at my Florida home. I enjoy travel and together with my husband, I have visited every continent but Antarctica.

I am looking forward to serving as the President of UWF. One of my goals is to encourage more members to become active in diverse club activities. There are interest groups in UWF for everyone and there are several club events throughout the year. Together we can enjoy ourselves while earning funds for scholarships and to provide educational opportunities for Flagler students.

Sincerely,

Jo

Wreaths Across America

Every year the Wreaths Across America organization places holiday wreaths on the grave sites of every veteran buried in a National Cemetery. The wreaths are donated by individuals like yourselves who want to support our military veterans.

We have set our UWF chapter up as a fundraising group with WAA. For every $15.00 wreath purchased by our members, their families and friends, we will have $5.00 returned to us. This is a simple fundraiser that supports our scholarship fund and allows us to do something good for our community. We will be supporting the National Cemetery in Jacksonville, where they will need 19,000 wreaths this year.

In early September, I will send out detailed instructions to everyone, including tally sheets, copies of receipts (this is a tax-deductible donation), and a letter to send to friends and family. Everything will be in a Word or PDF format. This is an excellent opportunity for you to honor our veterans and benefit our chapter. The deadline for donations is November 18th. Thank you for your support of this worthwhile project.

September Speaker: Kaiti Lenhart, Flagler County Supervisor of Elections

Program topic: **Florida Voters Will Be Facing Significant Changes Starting Now. What You Need to Know.**

How the U.S conducts its elections is a very hot topic. As of December 2021, 19 states have enacted 34 laws with provisions that would tend to restrict voting access. Florida is one of them. Many of the more restrictive laws impose new barriers to mail voting or the usage of drop boxes, but other new laws include more stringent voter ID requirements and provisions that make it more likely that purges of the voting rolls will sweep up people who are still eligible to vote.

Sue Green

I'm a New Jersey native- born and raised in Bergen County, I graduated from Fairleigh Dickinson University with a Sociology degree. I've had varied jobs in Human Resources, Sales & Marketing, and most importantly, as proud mother to two daughters. My husband and I were drawn to this area by its natural beauty and moved to Palm Coast and became Florida residents 17 years ago. As "snow birds" we've also divided our time between the Jersey Shore and Southern California. My interests include reading, walking, mah jongg, travel and spending time with friends & family. I've been a lifelong supporter of education & learning in all forms and an advocate for progressive causes. After hearing a recent SIS presentation, I knew I wanted to be a part of UWF and this group.

Cathy Heighter

I grew up in Bay Shore Long Island New York, the youngest of seven children. I attended Fashion Institute of Technology in Manhattan from 1978-1979 and Empire State College online from 2009-2013 and completed my BS Degree in Business. I have been self-employed most of my adult life, owning 4 hair salons in NY, a construction company, a gift shop and an art gallery. I am currently a self-employed real estate sales associate and I run my own nonprofit, Remembering HEROES, formally Remembering VETS. I moved to Palm Coast in 2005.

Joanne Amicola-Olgee

I am a single mother of four children, 10 grandchildren and six great grandchildren. As a group, they sure keep me busy. I'm a retired Chiropractor living in the Hammock. I retired in 2004 after running a successful practice in New York. I stayed quite busy being a 25 year member in the Rotary Club in New Rochelle, N.Y., 10 years as a New York State Chiropractic Board member, 25 years as an examiner for National Board of Chiropractic Examiners, presently a grader for EBAS (Ethics and Boundaries Assessment Services). Most memorable was spending 3 nights a week for about six months providing chiropractic care to the 9/11 volunteers working on "the pile" as it was known. I now find time to ride my bike, play pickle ball, cards and mah jongg. I also enjoy book club and meeting up with my friends. Rotary's motto is "Service Above Self". UWF and SIS allows that motto to work for me.

Joan Morris

I am a retired sociology professor living with my husband and two Chihuahuas. I received my bachelor's degree from the University of Maryland, European Division in Germany (my husband was still in the Air Force–I served but had gotten out when our son was born). Upon returning to the states, I completed a master's degree at the University of South Florida in Tampa and then a Ph.D. at Louisiana State University in Baton Rouge. I retired from the University of Central Florida in Orlando. Then (missing teaching) I added another five years of teaching part-time online for several other universities. We moved to Flagler Beach (from Sarasota) last fall to be closer to my son and his wife when they moved from Los Angeles. An interesting fact is that my son is an artist (working remotely) who designs theme-park attractions while his wife runs the inn they purchased here last summer.

Get Your Tickets now for Day of Games on Friday, October 21st!

Remembering HEROES Fall Festival!

"Remembering HEROES/ formally Remembering VETS is looking forward to you joining us for our Second Annual Fall Festival. Remembering HEROES will be honoring Veterans, First responders, Gold Star Families, Military Survivors and Local Community Heroes. This event will be a day of family fun and honoring our heroes." This will be held on **Saturday, September 24th** at Town Center from 10-4pm.

UWF has donated $30 to the Remembering Heroes organization. We will have a table with a display and information about UWF. We need some UWF women to sit at the table: 10 - 12; 12 - 2; 2 - 4 pm. Two women per time slot will make it more enjoyable! Please contact Trish Le Net if you are interested. Our presence will help advertise UWF and perhaps we will recruit new members!

UWF COVID GUIDELINES

The UWF Board is excited that our members will be able to meet face-to-face for our next meeting on September 10th at the Hilton Garden Inn at 9:30 AM. However, since we are still dealing with COVID conditions in Flagler County, we want to ensure that those who attend the meeting feel comfortable.

Hilton Garden Inn has assured us that they are adhering to CDC Guidelines at all functions.
We request that all meeting participants:

- wear masks if you feel more comfortable doing that
- maintain social distancing
- use the provided hand sanitizer.

We ask that you reconsider attendance at this meeting if you have been ill or have been in contact with anyone who has experienced COVID in the past two weeks.

These guidelines will be followed at all future meetings and events as the situation at the time dictates.

We've come a long way, baby!

Written and compiled by Jo Dervan

You've come a long way baby! Remember that slogan for Virginia Slims cigarettes from 1968? It was to sell a new type of cigarettes to women by tapping into the Women's Lib movement. Well, that slogan is still true today. Most of us live different kinds of lives than our mothers lived. Some of us are better educated than our mothers and are often living longer lives than they did.

So I found some interesting statistics about lives of women today. Currently 71.2% of women with children under 18 work outside the home. In 1975, fewer than 47% did. The idea of women working outside of the home was frowned upon and most women who did so worked in one of the traditionally female fields: teaching, nursing or secretarial work. Today, more women hold a much wider variety of jobs, with some in business, technology and science fields.

Women currently hold 27% of Congressional and Senate seats in the U.S. Not a large number considering they got the right to vote 102 years ago.

Only nine female state governors are currently serving even though 45 have served in total since 1925.

In almost every county of the world, women have a higher life expectancy than men. Scientists believe that estrogen in women combats conditions such as heart disease by helping reduce circulatory levels of harmful cholesterol. Women are also thought to have stronger immune systems than men.

As of November, 2020, 17.48% of the active duty military personnel in the US are women. In 1950, women numbered less than 2% of the military.

By 2022, 39.1% of women in the US had a 4-year college degree or more. In 1940, only 3.8% of women held four-year degrees.

Also women are graduating from college at a higher rate than men. In 2019, 1.1 million women received bachelors degrees but only 860,000 males received degrees.

I have attached credible online sources for each topic because we all know that not everything we see on the Internet is true.

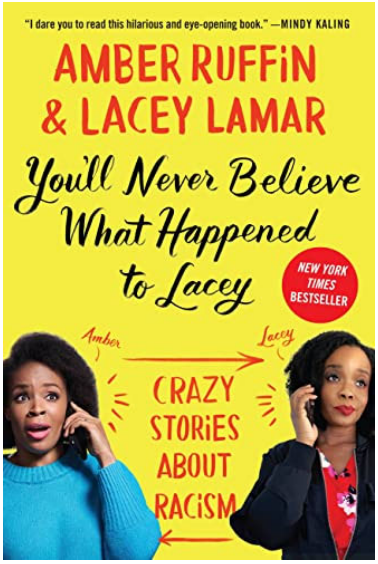
You'll Never Believe What Happened to Lacey: Crazy Stories about Racism

By Amber Ruffin and Lacey Lamar

A *NEW YORK TIMES* BESTSELLER AND INDIE NEXT PICK

Writer and performer on *Late Night with Seth Meyers* Amber Ruffin writes with her sister Lacey Lamar with humor and heart to share absurd anecdotes about everyday experiences of racism.



Now a writer and performer on **Late Night with Seth Meyers** and host of The Amber Ruffin Show, Amber Ruffin lives in New York, where she is no one's First Black Friend and everyone is, as she puts it, "stark raving normal." But Amber's sister Lacey? She's still living in their home state of Nebraska, and trust us, you'll never believe what happened to Lacey.

From racist donut shops to strangers putting their whole hand in her hair, from being mistaken for a prostitute to being mistaken for Harriet Tubman, Lacey is a lightning rod for hilariously ridiculous yet all-too-real anecdotes. She's the perfect mix of polite, beautiful, petite, and Black that apparently makes people think "I can say whatever I want to this woman." And now, Amber and Lacey share these entertainingly horrifying stories through their laugh-out-loud sisterly banter. Painfully relatable or shockingly eye-opening (depending on how often you have personally been followed by security at department stores), this book tackles modern-day racism with the perfect balance of levity and gravity.
